5 Rivershill Hertford, SG14 3SD

The house has been thoughtfully reconfigured by the current owners to incorporate a self-contained annex, creating an ideal arrangement for multi-generational living, visiting guests or even a home office suite.

The main house is approached via a spacious entrance hallway which immediately sets the tone for the well-balanced accommodation. To the ground floor there is a cloakroom, a bright and well-proportioned lounge/dining room, and a modern fitted kitchen with access to the annex accommodation.

Upstairs, the first floor offers three generous double bedrooms along with a recently fitted family bathroom, all arranged off a central landing.

The annex is a particularly valuable addition to the home and benefits from its own private entrance. It comprises a lounge area, kitchenette, a modern wet room and a versatile bedroom or office space, with direct access to the rear garden. This area provides excellent independence while remaining easily connected to the main house.

Externally, the property continues to impress. The wide frontage provides ample off-street parking, while the rear garden is mature, private and well maintained. Owing to the size and position of the plot there is clear potential to extend both to the side and rear of the property, subject to planning permission.
