

Hambleton House, 4 Field View Close, North Yorkshire, YO62 4EL Offers invited £550,000

Hambleton House is a stylish four bedroom detached home located on this quiet exclusive development in the sought after village location of Ampleforth. Field View Close is located just off Station Road and within walking distance to the heart of the village and all of its amenities.

This well maintained home was built in 2015 by David Wilson Homes and has been upspecced throughout by the current owners to an extremely high standard. Approximately 1182 sq ft, this spacious home in brief comprises; entrance hallway, open plan kitchen/dining room with doors onto garden, utility room, sitting room, office and guest cloakroom. To the first floor are four double bedrooms, house bathroom and en-suite off the master bedroom.

Outside, the rear garden is enclosed and south facing with a range of plants and trees, patio area with electric awning and heater, perfect for entertaining. There is a garage with electric door and driveway parking.

Ampleforth is one of North Yorkshire's best-loved villages. Nestled into a hillside, it sits within particularly attractive countryside between the North York Moors National Park and the Howardian Hills Area of Outstanding Natural Beauty. The village features an attractive mix of period, stone houses and benefits from a surprising number of amenities including village shop and post office, two good pubs, a coffee shop, sports centre, Doctor's surgery, two primary schools and Ampleforth College. The Georgian market town of Helmsley is only 4 miles away and benefits from a wide range of facilities. The other three Ryedale market towns are all within an easy drive and the City of York is some 19 miles south.

EPC Rating C

Energy Efficiency Rating	
Current	Potential
Very energy efficient - lower running costs	
(92 plus) A	85
(81-91) B	
(69-80) C	75
(55-68) D	
(39-54) E	
(21-38) F	
(1-20) G	
Not energy efficient - higher running costs	
EU Directive 2002/91/EC	
England & Wales	
Environmental Impact (CO ₂) Rating	
Current	Potential
Very environmentally friendly - lower CO ₂ emissions
