

22 Kings Crescent Apartments Edward Street, Derby, DE1 3FF

£895 Per Calendar

Kings Crescent Utilities

The Kings Crescent development uses a 'Communal Heat Network' to provide gas central heating to each dwelling. A third party provider, Ginger Energy, offer a comprehensive recharging service to each individual tenant. Within each dwelling there is a Heat Interface Unit (HIU), which is sometimes known as a heat box. The HIU enables each Resident to control the time of usage and the temperature required. It also measures individual consumption, so that billing can be produced. Due to the set up of this system, Ginger are the only provider available.

The choice of Electricity provider is available to each resident.
