Internally the accommodation, which requires a programme of modernisation and improvement, briefly comprises an entrance hall, lounge, dining room and kitchen with access to the rear. To the first floor there are two good sized bedrooms and bathroom and a further staircase leads to an attic room.

Outside the property benefits from a garden to the rear.

Macklin Street is a much sought after residential location within the heart of the city of Derby and this property benefits from being a short walk from all the facilities that the busy city centre has to offer. The property is perfectly located for ease of access to the ring road giving onward travel to the A50, A52 and M1 corridor.
