Overall Description

This freehold property, The Coach House, sits in a quiet cul-de-sac location in a pleasant residential area on the northern edge of the popular commuter town of Ware. The property is a coach house style maisonette with its own front door with private parking space directly in front. The majority of the living accommodation is upstairs but there is a very useful home office area in the ground floor hallway as well as additional storage space. Upstairs the open-plan living/dining area and kitchen has the real "wow" factor with French doors opening onto a Juliet balcony and a window to the front with a pleasant and private aspect. There is a double bedroom with fitted wardrobes, a modern bathroom and a large loft which has potential for conversion into additional accommodation should you wish, subject to the usual consents. The property has gas central-heating, double-glazed windows, and as it is freehold, there are no service charges, costs to extend the lease or ground rents to worry about. There is even a gate to the side leading to a storage area for bins, bikes, etc. This desirable property is being sold with no onward chain so early viewing is highly recommended.

Location

The property is located in a quiet residential location towards the northern edge of the popular and picturesque Hertfordshire town of Ware. Ware town centre, a ten to fifteen minute walk away, has a very good range of local shops, restaurants, pubs and other amenities and Ware railway station has regular services to London Liverpool Street (in around 45 minutes). Road links are also excellent with the A10 giving easy access to north London and the M25. Ware is a thriving local community with plenty of sporting, leisure and social activities including the Wodson Park Sports Centre with its running track, football club, gym, badminton courts, children's play area and cafe. The town is surrounded by beautiful Hertfordshire countryside with plenty of riverside and rural walks and cycle paths to explore, including the River Lea with its tow path, as well as walks along the New River into the King's Meads Nature Reserve.
