Overall Description

This detached 1970's house has been extensively updated and remodelled by its current owners to create a modern, light and very private family home right at the heart of the village and a short walk from the many excellent local schools. The house is in a secluded position, up a driveway with the entrance shared by the Grade II Listed Tith Cottage next door, leading to a large private parking and turning space next to the double garage (which has planning consent to convert into a two storey building with room above, as the neighbouring property has done). The house is tucked away behind its attractive cottage style garden and has four double bedrooms, the master with en-suite, and a family bathroom upstairs. Downstairs there is an entrance hall, cloakroom, sitting room, dining room with feature log burning stove, kitchen and utility. Improvements include mostly new double-glazed windows and doors, new flooring, redecoration and a new fuse board, plus the owner has obtained valuable planning permission to extend the property, to the rear by the kitchen, to the front by the dining room and upwards into the loft to add another bedroom and bathroom (please ask us to send you the plans). If you are looking for a modern family home with lots of potential to suit a growing family then viewing is highly recommended.

Location

This property sits in a tucked away position in the Bedfordshire village of Stotfold, which is popular with family buyers due to its excellent schools and proximity to Arlesey station with its regular fast rail links to London Kings Cross (from 37 mins) and around a 10 minute bus ride away. A short walk from the property are Poppies Nursery, The St Mary's CofE Academy (Primary School), and the Academy of Central Bedfordshire while the village also has the The Pix Brook Academy and the Etonbury Academy so is an excellent location for families wanting to be part of a village community. There are a number of local shops in the village including a Co-Op and One Stop mini market while Letchworth Garden City, a few miles to the south, has the typical High Street shops, supermarkets and other amenities you would expect of a major centre. The house is also in an excellent location to take advantage of the major Warner Brothers Universal Resort opening close to Bedford. The village is surrounded by beautiful countryside, so perfect for keen walkers and cyclists, yet is only a short drive from the A1 and A507, making it easily accessible. The Stotfold Water Mill and Nature Reserve is just a short walk away with its eight acres of wildflower meadows and riverside nature walks along the Ivel.
