Overall Description

This good-sized 1930's semi detached family home sits in an envious position, elevated and private with a leafy outlook, yet just a short walk from Croxley Metropolitan station and close to excellent local schools. In addition to its excellent location, the house has much to recommend it to family buyers including its generous 28' through lounge/dining room, the substantial gardens (the plot measures 20.41m x 6.71m and the back garden alone is sixty-seven feet long), the detached garage with EV charging point and the substantial scope to extend. Downstairs, the property has an entrance porch, hallway, galley kitchen and lovely large open-plan lounge/dining room leading through to the conservatory. There are three bedrooms upstairs, two being doubles, as well as a bathroom with corner bath and a shower cubicle. The property has gas-fired central heating, double-glazed windows and the owners have made significant improvements - the EV charging point in the garage, the new electric consumer unit installed in 2025 with its EICR certificate, recent damp proofing work with guarantees, and a recent boiler service with current gas safety certificate (all documentation available on request). The property also has considerable scope for extension and enlargement, either downstairs to the rear, or into the large loft space which has potential for two more bedrooms and a bathroom, or a spacious master suite, depending on your needs. Outside there are large gardens to the front and rear, with trees at the front screening the house from the road below, meaning the house has a pleasant aspect from all of the receptions and bedrooms. There is also a detached garage, large enough for a modern car, with an EV charging point fitted, and behind that is off-street parking, with scope to create more parking should you wish. If you are looking for a long term family home in a superb family-friendly location, then early viewing is highly advised.

Location

This substantial family home sits in a tucked away yet elevated position in the popular commuter village of Croxley Green, which is highly regarded as an excellent, safe, and family-friendly Hertfordshire village, often cited for its "outstanding" primary schools, strong community spirit, and semi-rural setting. It offers a quiet, green environment with good local shops, easy Metropolitan line access to London and close proximity to the shops and other amenities found in both Watford and Rickmansworth. Croxley Underground Station, on the Watford Branch of the Metropolitan line, is a five minute walk up the road and there are excellent bus and road links, making this area very desirable with commuters. Croxley Business Park is a modern business hub attracting many small to medium size enterprises to the area. There are very good schools at all levels in the local area including the Harvey Road and York Mead Primary Schools and Secondary Schools such as the Rickmansworth School and Watford Grammar School for Boys. The village features numerous parks (including Croxley Green itself), playgrounds, and scenic, family-friendly walks along the Grand Union Canal and through Whippendell Woods. It is an excellent place to raise a family.
