### Overall Description

This is a detached 1930's house that has been significantly extended to the rear in the 1980's and now offers spacious and flexible family accommodation close to Hertford North station, so an ideal location for families wishing to move out of London but still be conveniently positioned for commuting. The property has two double bedrooms and a bathroom upstairs with a further bedroom and bathroom on the ground floor in the annexe, which has its own front door and kitchen, so could be used as additional accommodation for a family member (elderly relative, teenager) but could also serve as somewhere to run a business from home or as a home office (subject to the usual consents). The house has an entrance hall leading to the main kitchen and two good-sized reception rooms, a sitting room with gas fire and glass doors into the dining room. The property is in good decorative order, with double-glazed windows and gas central-heating. To the side of the house is a garage with parking space in front and there is scope to create additional off-street parking should you wish. The majority of the garden is to the front and side, with flowerbeds, areas of lawn and a wall along the border and there is a private patio area to the rear. This is a perfect property for buyers that are looking for a property close to the station that offers flexible living accommodation and the scope for further extension/improvement over time (subject to planning). We have a viewing morning planned from 11am on Saturday the 6th of March so please call to book a time slot. The owner has a sale agreed on an empty property so the upward chain is in place.

### Location

This house sits in an elevated position just around the corner from Hertford North station with its regular services to London (Moorgate, Finsbury Park and Kings Cross) and a handy shop/newsagents. There is a row of good local shops including butchers, bakers, pharmacy, post office and Co-Op around a five minute walk away and the property is also close to excellent local schools such as the St Josephs Catholic Primary School, Hollybush Primary School and Sele School (a co-educational secondary school and sixth form with academy status). It is in an accessible location on the west side of Hertford with the A414 providing easy access to Welwyn Garden City, Hatfield and the A1/A10. Hertford, the historic county town of Hertfordshire, has a very good range of amenities including shops, supermarkets, a theatre, regular markets, sports clubs and also has many excellent restaurants and a lively night life and the centre of town is only around ten minute's walk away. Hertford is surrounded by beautiful open countryside with multiple footpaths and cycle tracks leading across farmland and through local woods so it is a great place to move if you want to escape London but still be within an easy commute.

### Accommodation

A pathway leads through a gate and up some steps to the front door into the:

#### Entrance Hall 6'11 x 5'7 (2.11m x 1.70m)

Stairs to first floor with deep under-stairs cupboard. Alarm control panel. Telephone point. Radiator.
