INTRODUCTION

Bordering a natural wetland and situated just across from the scenic Hotham Park, this discreetly positioned five-bedroom home combines immense privacy with architectural distinction. Occupying idyllic 3/4-acre grounds that features a fast-flowing chalk stream just beyond the boundary, this unique residence offers approximately 4,800 sq ft of living accommodation across two beautifully appointed floors.

From the two remarkably spacious entrance hallways, the ground floor opens into an extensive series of living areas. Central to the layout is the spectacular green oak garden room/orangerie, which serves as a magnificent family space with views over the landscape and leads directly from a substantial, high-specification living kitchen. This primary living zone is supported by a practical utility room and a further three reception rooms, including a large formal lounge, a separate sitting room, and a versatile study/playroom.

The first floor is equally grand, accommodating five bedrooms and four bathrooms, including a primary suite set within its own private wing. Outdoor living is celebrated on the elevated, south-west facing terrace, which extends across the rear of the house. There is also a walled garden area to the side. From here, steps lead down to substantial lawns and a wooded area at the foot of the garden. Approached via secure electric gates, with an integral double garage and extensive parking, this property is a rare "lifestyle" opportunity of truly unique character and grand design.
