From its grand double bay frontage and secure front garden to its beautifully landscaped rear plot, this four-bedroom home has been thoughtfully designed and impeccably maintained to suit modern family living.

A traditional tiled porch leads you into a decadent entrance hall, setting the tone for the character and quality found throughout. To the left of the hallway, the first reception room enjoys a bay fronted outlook, fitted with a wall-mounted television and bespoke built-in bookshelf. Hidden within the bookshelf is a secret door revealing the showpiece of the home - a fully equipped cinema room, complete with surround sound system and wall-mounted screen, offering the ultimate private viewing experience.

On the opposite side of the hallway lies the striking open-plan kitchen and dining space. Recently renovated to an exceptional standard, the kitchen features a central island with induction hob and built-in extractor, along with integrated appliances throughout. The bay frontage at the front fills the room with natural light, while full-width bi-folding doors at the rear open directly onto the garden, creating an effortless indoor-outdoor flow. Surround sound speakers are also built into this space, making it ideal for entertaining.

To the rear of the home, a bright and airy sun room extension offers views across the garden and leads through to a practical utility room and a stylish downstairs W/C. Beyond the garden, the former detached garage has been converted into a office space complete with electricity and water supply - a versatile space that could also serve as a gym, or studio.

Upstairs, four generous double bedrooms are spread across a spacious landing, with three rooms vying for the title of master due to their impressive size, high ceilings, and elegant proportions. Recently redecorated with fresh paint and new skirting throughout, the upper floor also includes a modern three-piece family bathroom where the boiler is neatly housed. Additional storage is available via the loft.

Outside, the rear garden is both spacious and serene. A large sunny decking area includes a jacuzzi, ideal for relaxing or entertaining, while the expansive lawn beyond is bordered by established trees offering dappled shade and excellent privacy. The front of the home features a secure, gated garden along with off-road parking and a sheltered car port.

This remarkable Edwardian home is a rare find - full of charm, innovation, and style - and offers the perfect blend of period character and contemporary living. Viewings are highly recommended to truly appreciate everything this unique property has to offer, selling with the added benefit of no upward chain.
