Set on the third floor of a striking converted factory, this exceptional two-bedroom apartment on Morley Street in Daybrook offers a rare combination of historic character and contemporary luxury. With original features including four-metre-high ceilings and large industrial-style windows, the space is flooded with natural light and filled with architectural charm.

Upon entry, you're welcomed into a spacious hallway with built-in storage to your left, where the boiler is housed discreetly. Immediately to your right is the recently renovated family shower room, styled to a high standard with a modern finish. Both bedrooms are equally sized double rooms, providing ample space for a double bed, wardrobe, desk, or additional storage. One of the bedrooms is further enhanced by a unique mezzanine balcony, taking full advantage of the high ceilings and creating a dramatic yet functional feature with masses of extra space.

As you move further into the apartment, you'll find a separate guest cloakroom before entering the heart of the home – a vast, open-plan living space that effortlessly combines kitchen, dining, and lounge areas. The living area features a built-in library wall with a rolling ladder, while the industrial-chic kitchenette offers both style and practicality, with a separate utility room tucked away for convenience. Four large windows frame panoramic views over the beautiful Arnot Hill Park and beyond into Arnold town centre.

The apartment is located within a private residential development that includes a residents-only gym and a beautifully maintained communal garden, perfect for unwinding or enjoying time outdoors. Secure entry and a well-maintained communal interior complete the offering.

Perfectly positioned, the property is just a short stroll from Arnold's bustling town centre, which offers a wide range of shops, cafés, restaurants, and essential services. For those commuting into Nottingham, multiple bus routes run nearby, and the city centre is just a short drive away. With quick access to the A60 and ring road, the location is ideal for professionals and families alike. Best of all, Arnot Hill Park – one of the area's most attractive green spaces – is quite literally on your doorstep.

This is more than just an apartment – it's a statement home that blends Nottingham's industrial heritage with modern-day luxury. Early viewing is strongly recommended, as homes in this unique development are rarely available.

Entrance Hall

Airing/storage cupboard housing the combi boiler, solid wood flooring throughout the hallway, bathroom and living area. Doors to:
