A Spacious & Energy-Efficient Family Home with Flexible Living Space and Exceptional Eco Features

Positioned in a peaceful residential location, this impressive three/five-bedroom semi-detached home offers an outstanding combination of space, modern technology and energy efficiency. Thoughtfully designed to suit growing families, the property benefits from flexible accommodation across three floors, an array of eco-conscious upgrades, and secure gated parking.

The ground floor comprises an entrance hall, a convenient downstairs WC, a bright and airy lounge, a modern fitted kitchen and an impressive conservatory spanning the width of the property — perfect for family gatherings or entertainment. Upstairs, there are three well-proportioned bedrooms and a contemporary bathroom, while the top floor provides two further versatile loft rooms, ideal for use as home offices or hobby spaces.

Externally, an electric gated driveway provides ample off-street parking and leads to an integral garage with internal access. The rear garden offers a private and enclosed space for relaxation and outdoor entertainment.

This home stands out for its forward-thinking energy efficiency — featuring a 9kW solar panel system with feed-in tariff (generating around £6,000 per year), 25kWh solar battery storage, off-peak grid charging at 8p/kWh, a 14kW air source heat pump, external wall and loft insulation, and a whole-house water filtration system. With an EPC rating of B (just two points off an A), this property offers exceptionally low running costs.

Added benefits include CCTV inside and out, an alarm system, two EV charging points, and a secure electric front gate. The property also enjoys a pleasant outlook over the neighboring school playing field, with local shops, takeaways and transport links all within easy reach.

A truly future-proof home offering security, comfort and sustainability — viewing is highly recommended.
