Guide Price £210,000 Freehold

Guide Price £220,000 - £230,000

Situated on Gawthorne Street in the popular NG7 area, this substantial three-bedroom semi-detached Victorian property occupies an attractive elevated plot and is accessed via a private stairwell. The property retains a wealth of beautiful original features including high ceilings, ornate coving, decorative skirting boards, and a magnificent bay window, offering both charm and significant potential for improvement.

Externally, the property benefits from easy-to-maintain front and rear gardens, along with useful side access leading to the rear garden area. The elevated position provides a sense of privacy while giving the home an attractive street presence.

Internally, the accommodation begins with a welcoming entrance hall leading to two spacious ground floor reception rooms. The principal front reception room serves as the main lounge and is a particularly impressive space, featuring a huge bay window that floods the room with natural light alongside an ornate fireplace and period detailing. The rear reception room is currently configured with a downstairs WC but could easily be reinstated as a second reception room, dining room, or home office. The kitchen is located to the rear of the property and provides direct access to the garden.

The basement level has been converted into a versatile bar and entertaining space, benefiting from windows for natural light and a radiator, creating a comfortable additional living or social area.

To the first floor are three bedrooms, including two generous double bedrooms with fitted storage. A large family bathroom features both a bath and separate shower, complemented by a separate WC. There is also access to the loft for additional storage.

The property represents an excellent renovation or investment opportunity, with major works already completed including a new roof and boiler installed in 2022.

Gawthorne Street is conveniently located close to a wide range of local amenities including shops, supermarkets, schools, and regular public transport links providing easy access to the city centre. The property is also well positioned for nearby universities, hospitals, and major road connections, making it an attractive option for both homeowners and investors.

Early viewing is highly recommended to appreciate the size, character, and potential this Victorian property has to offer.
