£250,000 Freehold

An interesting opportunity has arisen to purchase this three bedroom semi detached cottage situated on a generous plot in need of modernisation.

This property is one of a pair of period cottages set back from the road which gives a very deep frontage providing parking for several vehicles and a single garage to the side of the property. The plot offers great potential for the possibility of extending the house into a larger family dwelling (subject to planning permission, etc).

Benefitting from uPVC double glazed windows and gas fired central heating served from a combination boiler installed in January 2023. The property does, however, require modernisation and improvement but offers fantastic potential to both the property investor/developer and home owner with good DIY skills.

The current accommodation comprises front reception room (currently used as a ground floor bedroom), rear reception room (currently used as a sitting room), kitchen, rear lobby and ground floor bathroom. There is a cellar accessed from the rear reception room. To the first floor the landing provides access to three bedrooms and cloaks/WC.

Situated in a highly regarded North-West suburb of Beeston within walking distance of the vibrant town centre with a great mix of shops and facilities, bars, restaurants, cafes and cinema. There are suburb transport links with bus, tram and train all within the town. Beeston is ideally placed for Nottingham University and Queens Medical Centre.

Offered for sale with immediate vacant possession. Viewing is recommended to appreciate the potential on offer.
