The property has an open plan feel to the ground floor living space with the split level through lounge which includes a dining area from which there are French doors leading to the private garden at the rear. The extended kitchen is also well fitted and the large bathroom includes a raised spa bath as well as a large walk-in shower/wet room area. For all that is included in this lovely and individual home to be appreciated, we strongly recommend that interested parties do take a full inspection so they can see the whole property for themselves.

The property is constructed of brick under a pitched tiled roof and the well proportioned accommodation derives all the benefits of gas central heating and double glazing and includes a fully enclosed porch leading through into the reception hall which has stairs leading to the first floor and as with the rest of the internal doors in the house has an oak panelled door leading into the through lounge and from this room there is a further oak panelled door taking you into the breakfast kitchen which has a utility room off and a glazed door leading out to the rear garden. The first floor landing leads to three bedrooms and the enlarged luxurious bathroom and to the second floor there is the attic bedroom. Outside there is a car standing area for several vehicles at the front of the house and access via the right to the rear with space at the side providing the opportunity for a new owner to extend the house if this was something they might want to do in the future. The rear garden is private and has decking to the immediate rear of the property leading onto a lawned garden which has a raised bed and is kept private by having fencing, brickwork and hedging to the boundaries.
