£185,000 Freehold

THIS IS A TRADITIONAL SEMI DETACHED HOME WHICH IS NOW IN NEED OF A GENERAL UPGRADE PROGRAMME WITH THE HOUSE HAVING A BEAUTIFUL LOCATION BACKING ONTO OPEN FIELDS.

Robert Ellis are pleased to be instructed to market this traditional semi detached house which is now in need of being upgraded and also lends itself to being extended at the rear or to having the outbuildings to the side combined and incorporated within the living accommodation included in the property. For the size of the accommodation and privacy of the rear garden to be appreciated, we recommend that interested parties do take a full inspection so they are able to see all that is included in the property for themselves. Breaston village is a most sought after location situated between Nottingham and Derby and offers a number of local amenities and facilities with those being found in Long Eaton only being a short drive away as are excellent transport links which include J25 of the M1, all of which have helped to make this such a popular and convenient place to live.

The property stands back from Gregory Avenue with parking and a garden at the front and is constructed of brick to the external elevations under a pitched tiled roof. The accommodation benefits from being most double glazed but there is no gas central heating which will need installing as part of the upgrade programme a new owner would want to carry out. The house is entered through a composite front door into the reception hall, off which there is a door taking you to the lounge, dining room and kitchen and from the kitchen there is a door leading into a rear hall and the internal outbuildings. To the first floor the landing leads to the three bedrooms, bathroom and the separate w.c. Outside there is a drive and garden at the front and a private garden to the rear which backs onto open countryside and as people will see when they view the property need some attention in terms of cutting back the grass and re-designing the garden.

Breaston has schools for younger children and a number of local shops, three pubs, a bistro restaurant and various coffee eateries whilst schools for older children and further shopping facilities including Asda, Tesco, Aldi and many other retail outlets can be found in nearby Long Eaton, there are healthcare and sports facilities including several local golf courses, walks in the surrounding picturesque countryside and as well as J25 of the M1, the transport links include stations at Long Eaton and East Midlands Parkway, East Midlands Airport and the A52 and other main roads which provide good access to Nottingham, Derby and other East Midlands towns and cities.
