£950,000 Freehold

THIS IS A STUNNING SIX BEDROOM FAMILY DETACHED HOME POSITIONED ON A PLOT WHICH IS APPROXIMATELY 1/2 AN ACRE IN SIZE WITH THIS LOVELY HOME BEING SITUATED IN THIS MOST SOUGHT AFTER LOCATION IN THE AWARD WINNING VILLAGE OF BREASTON.

Robert Ellis are very pleased to be instructed to market this substantial individual detached home which over recent years has undergone a number of upgrade works which includes re-fitting of the dining kitchen, re-styling of the main bathroom and creating a second shower room en-suite to a third bedroom. It would be difficult for people to appreciate the size of the property and extent of the gardens at the rear from taking a quick look at the front so we strongly recommend they take a full inspection so they can see all that included in the property for themselves. The accommodation is arranged on three floors with five bedrooms on the first floor and a further double bedroom to the second floor and a room which provides an excellent storage facility but could easily become another bedroom. The gardens at the rear are an important feature with these being South facing and have an extensive walled Indian sandstone patio extending across the rear of the house with steps leading down to the lawned gardens and at the bottom of the garden there is a detached brick building which is currently used as a gym. The main garage is also a further feature of this home which is approximately 29' x 18'2" in size and has a shower room incorporated at the rear and a large room extending across the whole floor space above, this is a room which could probably be converted into further living space subject to obtaining the necessary permissions.

The property stands at the front of the plot with a recently laid 'in and out' driveway and lawned gardens with laurel hedging to the front boundary which together with established trees helps to create privacy from the road. The property is constructed of brick with rendering to the external elevations all under a pitched tiled roof and the spacious and well proportioned accommodation derives all the benefits of gas central heating with under floor heating to the dining kitchen, the main bathroom and second en-suite shower room and double glazing throughout with a number of the windows to the rear having been replaced over recent years. The property is entered through a solid wood front door which leads into a spacious hallway, off which there is a ground floor w.c. and cloakroom. From the hall there are oak doors leading to the lounge which has a wood burning stove incorporating a feature brick fireplace and a double glazed bay window overlooking the South facing rear gardens, the dining room also overlooking the rear garden and this has a feature circular bay window to one corner and double glazed French doors leading out to the rear with a wood burning stove which is shared with the dining kitchen. The dining kitchen has been re-fitted over the past few years and has Shaker style units and oak work surfaces with porcelain tiled flooring which extends through into the snug/sitting room which is positioned to the side of the dining kitchen and there are double glazed double opening French doors leading out from this room to the patio and rear garden. There is also a most useful utility/laundry room and to the first floor the landing has oak panelled doors leading to the five double bedrooms, two of which have the en-suite bath/shower room facilities and the main luxurious bathroom which over the past few years has been re-fitted by the current owners. There is a flight of stairs from the first floor landing taking you to the second floor where there is a further large bedroom and a room which currently provides an ideal storage facility but with plastering to the walls could easily become a further bedroom if this was required by a new owner. Outside there is the large detached garage positioned to the right hand side of the house and this has an electrically operated roller door to the front and a large room above, there is the parking and garden to the front and to the rear the South facing gardens include a large patio, lawned areas with a further screened garden area to the bottom where the brick building/gym is positioned. There is also a wooden shed which will be included in the sale.

Breaston is an award winning village which is well placed for easy access to both Nottingham and Derby. Locally there are a number of shops, pubs, restaurants and schools for younger children with further shopping facilities including Asda and Tesco superstores and numerous other retail outlets being found in nearby Long Eaton and there are further retail outlets at Pride Park, there are excellent independent and state schools for older children being within easy reach in both Long Eaton and Sandiacre, healthcare and sports facilities which include several local golf courses, walks in the surrounding picturesque countryside and the excellent transport links include J25 of the M1, East Midlands Airport, stations at Long Eaton and East Midlands Parkway and the A52 and other main roads provide good access to Nottingham, Derby and other East Midlands towns and cities.

Outside

At the front of the property there is a brick edged driveway which has 'in and out' access points and provides off the road parking for several vehicles. There is a lawn which has an established laurel hedge to the front boundary and established trees which provides natural screening for the house from the road. To the left of the property there are double wrought iron gates leading to an ideal storage area for a caravan, motorhome or similar vehicles or is where the property could further extended if required by a future owner. Between the house and garage there is a gate and wooden fencing with this providing access to the rear garden.

At the rear of the property there is an Indian sandstone patio extending from the side across the rear of the house with there being a wall which has lighting and two sets of steps leading down to the lawn South facing garden. There is a block paved winding path which leads down to the bottom of the garden where there is a trellis and archway with established Wysteria which provides access to another section of garden. To either side of the block paved path there are large lawn gardens with beds to the sides and a further patio/seating area. At the bottom of the garden there is a further lawn area with a raised bed at the bottom and within this garden area there is a wooden shed and a screened storage area which has a trellis and this part of the garden has fencing to the sides and a hedge to the rear boundary.

At the side of the garage there is a bin storage area and behind the garage there is a concrete base which could be used for a further shed or similar building and there is also a wood store provided. There is outside lighting outside water supply points at the side of the house and to the rear of the garage, there is cabling within the garden for spotlights to be fitted if this was required by a new owner and there is a power supply to the gym at the bottom of the garden.
