O/I/R £350,000 Freehold

THIS IS A 250 YEAR OLD DETACHED THREE BEDROOM COTTAGE POSITIONED IN THE HEART OF TOTON WHICH STILL RETAINS MANY ORIGINAL FEATURES.

Robert Ellis are pleased to be instructed to market this individual detached cottage which was built approximately 250 years ago and has been lived in by the current owner for the past 7 decades. The property has an attractive appearance and is being sold with the benefit of NO UPWARD CHAIN and therefore is ready for immediate occupation with future owners having the opportunity to stamp their own mark on this lovely home. For the size of the accommodation and privacy and size of the rear garden, as well as the cattery which is located at the rear to be appreciated, we recommend interested parties do take a full inspection so they can see all that is included in the property for themselves. The property is well placed for easy access to the local amenities and facilities provided by the area which includes excellent local schools, which has been one of the main reasons why people have wanted to move to Toton over the past couple of decades and transport links which include the latest extension to the Nottingham tram system, all of which have helped to make this a very popular and convenient place for people to live.

The property is constructed of brick with render to the external elevations under a pitched tiled roof and the accommodation included benefits from gas central heating and from being mostly double glazed and being entered through the front door into an open plan reception hall and dining room and from this room there are doors leading to the kitchen which has wall and base units, there is a rear hallway, from which the stairs lead to the first floor and a door leads into the lounge and from this room there is a further sitting room at the far end of the cottage. The bathroom is currently located on the ground floor and this is fully tiled with a shower over the bath and to the first floor there is a small landing which leads to two double bedrooms and a third bedroom is accessed from the second bedroom and we believe the accommodation could easily be re-designed so a bathroom can be included at first floor level but still retain the bedrooms. Outside there is a car standing area to the right of the cottage, a gravelled path taking you to the front door and at the rear there is a gravelled area leading onto a lawned garden which has various established beds and a cattery run extends down the left hand side and along the rear with there being a further isolation unit and a wooden shed, with the option for these various outbuildings to remain at the property when it is sold.

The property is well placed for easy access to the Tesco superstore on Swiney Way with further shopping facilities being found at Long Eaton, Beeston and the Chilwell Retail Parks where there is an M&S food store, Next, TK Maxx and several coffee eateries, the property is within walking distance of the local schools, there are healthcare and sports facilities which include several local golf courses, walks at Toton Fields and the picturesque Attenborough Nature Reserve and as well as the latest extension to the Nottingham tram system, the excellent transport links include J25 of the M1, East Midlands Airport, stations at Beeston, Attenborough, Long Eaton and East Midlands Parkway stations and the A52 and other main roads which provide good access to Nottingham, Derby and other East Midlands towns and cities.
