THIS IS AN INDIVIDUAL DETACHED HOME WHICH PROVIDES SPACIOUS THREE BEDROOM ACCOMMODATION SITUATED CLOSE TO THE CENTRE OF SPONDON VILLAGE.

Robert Ellis are pleased to be asked to market this detached home which is situated on a corner plot with gardens to the front and side and there is a recently laid driveway to the rear. The property has recently been upgraded by the current owner with the kitchen having been re-fitted with high quality wall and base units and the bathroom has also been changed into a shower room which has a mains flow shower system and fully tiled walls. We are sure this property will suit a whole range of buyers, from people buying their first home who want to live close to the village centre or families who are looking for three bedrooms and the property they can move straight into without having to carry out any work. We also believe there is the potential to slightly change the accommodation layout and possibly incorporate the separate dining room into the breakfast kitchen to provide an enlarged dining/living kitchen area with doors leading out to the private garden at the side.

The property stands back from the road in a slightly elevated position which helps to provide privacy and is constructed of brick under a pitched tiled roof and as people will see when they view the property it has had various updating work carried out such as the flat roof over the garage and rear extension, soffits and fascias have been replaced and the gardens landscaped with a new gate leading out to the parking area at the rear. The accommodation derives the benefit of gas central heating and double glazing and includes a fully enclosed porch leading through an internal door to the spacious hallway which has an open plan arrangement with the lounge/sitting room which is positioned at the front of the house and there is a door from the hall taking you into the breakfast kitchen which has the recently re-fitted with anthracite grey coloured units. There is also a most useful store/cloakroom off the kitchen and a door leads into the separate dining room which could also be a sitting room and as previously mentioned, combined with the current kitchen if this was something a new owner wanted to carry out in the future. To the first floor the landing leads to the three bedrooms, all of which are of a good size, and the fully tiled shower room which benefits from the mains flow shower system. Outside there is an adjoining garage with off the road parking for two vehicles at the rear of the building and there is further parking at the front off Moor Street. The main garden is to the side of the property and this provides a lovely place for people to sit and enjoy outside living.

Spondon is a very well served village having a number of local shops with there being an Asda superstore within easy reach, close to local parks, there are healthcare and sports facilities, walks in the surrounding countryside, schools for all ages and the transport links include the A52 which provides access into Derby and Nottingham as well as other East Midlands towns and cities as well as J25 of the M1 which is only a few minutes away, there are stations at Derby and East Midlands Park and East Midlands Airport is also within easy reach.
