

Draycott Road,
Breaston, Derbyshire
DE72 3DB

£825,000 Freehold

THIS IS A SUBSTANTIAL FIVE BEDROOM DETACHED HOME WHICH INCLUDES A SEPARATE ANNEX AND AT THE REAR OVERLOOKS OPEN FIELDS AND COUNTRYSIDE.

Being situated in Breaston village, this substantial detached property provides a lovely family home which benefits from having a separate annex which could easily be incorporated into the main living accommodation for the property if this was preferred by a new owner. The property will be larger than people will think from just taking a casual look at the front elevation, so we recommend interested parties do take a full inspection so they can see all the accommodation included and the privacy of the rear garden for themselves, which also has a driveway leading to two garage building/stores and two stables at the rear. The property is well placed for easy access to the local amenities provided by Breaston village with those being found in Long Eaton only being a short drive away and there is also access to excellent transport links, all of which have helped to make Breaston such a popular and convenient village to live.

The property stands back from Draycott Road and is entered through double wooden gates with there being parking at the front for several vehicles. The house is constructed of an attractive facia brick under a pitched tiled roof and the tastefully finished accommodation derives all the benefits from having gas central heating and double glazing. Being entered through a stylish front door, the accommodation includes a spacious hallway with a ground floor w.c. and utility room off, the lounge has a log burning stove and is positioned at the front of the house and to the rear there is the large L shaped living/dining kitchen which has French oak fitted units and granite work surfaces with integrated appliances in the kitchen and two pairs of double French doors leading out to the private rear garden. This area of the property could easily be extended to incorporate the sitting area of the annex into this main living space if this was preferred by a new owner which is something people will be able to see when they view the property. The annex is positioned to the right of the hallway and this at the moment includes a sitting room or bedroom, shower room/w.c., a sitting room which has French doors leading out to the rear garden and a kitchen, which if the property was altered could become a utility room for the main house. To the first floor a landing leads to four double bedrooms, the larger bedroom at the front having access to the main family bathroom which has a bath and a separate shower and also has a door to the landing, the second bedroom has a dressing room/study area and an en-suite shower room and to the second floor the main bedroom suite has feature sloping ceilings, a large Velux window overlooking the fields at the rear and there is a dressing area and en-suite wet room/w.c. Outside there is block paving at the front of the house which provides off road parking for several vehicles and there is a five bar gate providing access to the pebbled driveway which runs down the left hand side of the house to the rear and provides access to the two garages/stores and two stables which area positioned to the right of the private garden at the rear. The garden provides several places to sit and enjoy outside living with a covered seating area to the bottom left hand corner and there are views from the rear garden over open fields and countryside.

Breaston village provides a number of amenities and facilities including schools for younger children, there are a number of shops in the centre of the village, three local pubs, a bistro restaurant and various coffee eateries while there are further shops including Asda, Tesco and Aldi stores as well as many other retail outlets and schools for older children found in Long Eaton which is only a short drive away, there are healthcare and sports facilities which include several local golf courses, walks in the surrounding picturesque countryside and the transport links include J25 of the M1, East Midlands Airport, stations at Long Eaton and East Midlands Parkway and the A52 and other main roads provide good access to Nottingham, Derby and other East Midlands towns and cities.

The main front entrance door has two inset leaded opaque glazed panels and matching side panels either side leading to:
