A THREE DOUBLE BEDROOM SEMI
DETACHED HOUSE.

We have great pleasure in offering for sale this instantly attractive period three double bedroom semi detached house.

What lies beyond this attractive period facade is an extended and beautifully presented property retaining much of the original charm and character coupled with modern, contemporary living.

With space in abundance both to the ground and first floors, a particular feature is the principal bedroom suite. A generous room offering a light and airy feel with twin aspect windows, as well as vaulted ceiling and Velux roof lights, and an en-suite shower room. Also on the first floor are two other well proportioned bedrooms and a contemporary family bathroom.

On entering the ground floor through the entrance door and hallway there is a useful utility room with a cloaks/WC and an inner hallway provides access to a snug to the front elevation and living room opening through to a family dining room with a modern fitted kitchen beyond.

Ample parking is provided at the front and there is an integral single garage. The rear gardens are of generous size and attractively presented with a generous block paved and decked terraced area, lower gardens to lawn, a purpose built garden cabin currently used as a home office with light and power, but could also be used as a chill out area, home gym, etc. There is also an integral garden store.

Located within this highly desirable Derbyshire village with a great community feel and local schools, and amenities on the doorstep, as well as open space and countryside within walking distance.

A great property for professional couples and families alike. We strongly recommend an early internal viewing to avoid disappointment.
