A THREE BEDROOM END OF TERRACE
HOUSE.

Offers Over £250,000 Freehold

So often it is said that appearances can be deceptive. That is certainly the case with this property.

Behind this modern period facade lies an incredibly spacious three bedroom family home, with many original period features sympathetically blended with modern and contemporary finishes to provide for a family home that certainly has the WOW factor.

As soon as you step over the threshold, you know that you are coming into something special, with an original Minton tiled floor and corbelled archway to the staircase. There are two generous reception rooms and an impressive family dining kitchen with partial vaulted ceiling, an array of high quality units, a range cooker and bi-fold doors opening to the rear garden.

Further features of this property include gas fired central heating served from a combination boiler, double glazed windows, recently replaced roof covering, an en-suite shower room to the principal bedroom and a Victorian inspired family bathroom with "slipper" bathtub.

Situated on a corner position with enclosed gardens to the side and rear which include gated off-street parking and a large timber-clad workshop.

A great location for families and commuters alike. Schools for all ages are within walking distance, indeed Ladycross Infants School is on the next street. The A52 and Junction 25 of the M11 motorway are a few minutes drive away, as is the park and ride for the Nottingham tram.

A quite remarkable property with the size of the accommodation and the overall charm and appeal, this can only be appreciated once viewed.
