

Church Street  
Stapleford, Nottingham NG9 8DJ

**£250,000 Freehold**

A THREE BEDROOM LINK DETACHED HOUSE.

An individually designed and built (and since extended) period link detached house situated on a large garden plot of approximately 0.10 of an acre.

This Victorian house dates back to 1880 and offers surprisingly spacious and adaptable accommodation. Centrally heated from a combination boiler and has partial double glazing. The property would benefit from a program of modernisation and improvement. None the less offers fantastic potential.

The accommodation currently comprises entrance hall with stairs leading to the first floor, two generous reception rooms and a kitchen. To the first floor, the landing provides access to three genuine double bedrooms, one of which leads through to a large utility room which could be adapted into an en-suite, there is a bathroom and separate WC.

What cannot be appreciated from the front elevation is the depth of the garden plot to the rear. A gated through-carport provides off-street parking and leads through to a generous block paved courtyard which provides parking for several vehicles. There are two outbuildings/workshops which could be put to many uses. At the far end of the plot there is a further garden area, currently somewhat overgrown.

Situated in this popular and convenient residential suburb, within walking distance of Stapleford town centre, offering a generous variety of shops and facilities and regular bus service linking Nottingham and Derby.

Offering a tremendous amount of potential for a variety of buyers. Offered for sale with immediate vacant possession.
