The property also benefits from gas central heating, ample parking, as well as its own garden space to the rear which also has the benefit of having a garden room which would also make an ideal work from home office space.

The property is located in this picturesque Derbyshire village location and is situated within the historic grounds of Stanton Hall. The area offers easy access to ample outdoor countryside space whilst also sitting within easy reach of good road networks and transport links, such as the A52 for Nottingham/Derby and the M1 motorway, as well as shops, services, amenities and schooling for all ages.
