Since occupation the current owners have extended and remodelled this property paying particular attention to the quality and detail. A main feature of this property is the fully fitted kitchen with hand crafted contemporary shaker style units with quartz work surfaces and a array of quality built in appliances. The kitchen seamlessly opens through into a family dining room with vaulted ceiling, offering a great social and entertaining space with aspects over the generous rear garden.

Another feature of this property is the master bedroom suite found on the second floor offering a large space with a dormer window enjoying aspects again over the rear garden and a high quality En-suite shower room. The family bathroom on the first floor also has the same quality finish and no property is complete without a useful utility room finished to match the kitchen and has a separate WC.

Externally a block paved forecourt provides ample off street parking and the property occupies one of the larger garden plots with generous mature gardens with plenty of space to enjoy, relax and unwind.

Situated in this highly regarded residential suburb in Bramcote great for families and commuters alike as schools for all ages are within easy reach, including award winning parks and open space and leisure centre.
