Details

Communal Entrance

A communal entrance door with an entry phone system gives access into the hallway, where steps and a lift give access to the second floor where the apartment can be found. There is sensored lighting.

Apartment Hallway

The hallway has an entry phone system, a pillar relating back to the mill's heritage and an electric storage heater. There is slate style flooring and two useful cupboards, one of which is perfect for shoes and coats, etc., with shelving and housing the fuse board. The larger cupboard houses the cylinder for the hot water system and has space for further appliances. From the hallway, a door leads into the living/dining kitchen.

Living/Dining Kitchen

This open-plan room is positioned at the rear of the property and is particularly light and bright, enjoying a south-westerly aspect and benefitting from the afternoon sun. It has large double-glazed twin windows set to an exposed feature stone wall and neutral decor. The kitchen area has units to high and low levels, worktops and tiled splashbacks, and a stainless steel sink with a single drainer. Integrated appliances comprise an electric oven and hob with a canopy style filter hood above, slimline dishwasher and washing machine. There is space for a freestanding fridge freezer and vinyl flooring. The use of furniture creates individual sections, and there is plenty of space for a formal dining table. The living area can accommodate a vast amount of furniture and has a feature pillar, matching the one in the entrance hallway. There is an electric storage heater and a timber and glazed door that gives access onto the property's covered balcony.
