

Inside The Home

This truly unique property represents a rare opportunity to acquire a piece of local history. Formerly a long-standing family-run chiropractic practice, the building has been in the same family for over 100 years and remains a well-known landmark within the Morecambe community offering character, heritage, and exceptional potential. The ground floor historically served as the business premises, comprising a reception area, waiting rooms, and multiple consultation rooms, all thoughtfully divided to ensure privacy. To the rear, there is an additional reception room, previously utilised as a kitchen for the practice, which offers scope for reconfiguration depending on the buyer's vision. A basement level provides further useful storage space.

To the upper floors, the property transitions into living accommodation. The second floor currently hosts a kitchen and lounge area along with the family bathroom, where the present owners have resided, offering a functional but adaptable living space. The third floor comprises two well-proportioned double bedrooms. However, the layout offers excellent flexibility, with the potential to reconfigure the property into a spacious three-bedroom family home. Subject to the necessary works and permissions, the ground floor could be transformed into an expansive open-plan living area, incorporating a generous lounge and a newly fitted kitchen within the rear reception room. The second floor could accommodate a master bedroom alongside a family bathroom or additional kitchen space, while the third floor could provide two further bedrooms and a family bathroom.

Spanning three floors plus a basement, this is a substantial property brimming with opportunity. While it does require full renovation and modernisation throughout, it offers the chance to create a stunning and characterful home tailored to individual taste.

Ideally suited to investors, developers, or first-time buyers looking for a project, this property presents an exciting opportunity to transform a historic building into a beautiful and spacious family home in a convenient central location.

Let's Take A Closer Look At The Area
