This characterful home has three spacious reception rooms, four generous bedrooms and two bathrooms. Sit back and watch the incredible sunsets from the comfort of your armchair, whilst sat in front of the roaring multi-fuel stove.

Inside The Home

Stepping through a recently installed composite glazed door, you are instantly welcomed into a spacious Entrance. With a vaulted ceiling, exposed stonework and parquet flooring, this continues into a large yet cosy Living Room. With an abundance of original features, this light filled room centres around a multi-fuel stove, with an incredible outlook towards the Yorkshire three Peaks. This proceeds into a spacious Inner Hall where a handy rear Porch can be found, perfect for storing logs for the many fires, with ample space for muddy boots and coats, whilst providing access to the rear lawns. This proceeds into a generous Dining Room with a feature open fireplace, providing the perfect backdrop for family get togethers and dinner parties. The heart of this home is the Dining Kitchen which completes the ground floor. Fitted with a range of wall and base units providing ample storages, and plentiful workspaces, this room centres around a multi-fuel stove, with a dual outlet system, meaning this stove provides heat for the property, but also the hot water system, providing an economic heating method. With integral appliances, and a spacious dining area, this room once again showcases views across the front and rear lawns, with the fells in the distance.
