

Inside The Home

Stepping in to this charming cottage, a wonderful blend of character, comfort and practical living, greets you, with a host of attractive features and versatile spaces both inside and out.

The cosy living room is centred around an ornate fireplace, which has been freshly upgraded with a decorative brick surround and a solid oak beam. Complementary oak window sills have also been added, creating a warm and cohesive finish that enhances the room's relaxing atmosphere.

The Dining Kitchen is fitted with a range of base units with complemented worktops and integrated appliances which include a four-ring gas hob with extractor above and a hide-and-slide oven below, as well as an integrated dishwasher and space for a fridge freezer. Engineered oak flooring, installed last year, completes this practical and stylish room with ample space for a sizeable dining table. The perfect place for socialising with loved one.

To the first floor, two well-proportioned double bedrooms can be found, with the front-facing bedroom benefitting from an extensive range of floor-to-ceiling built-in wardrobes, providing ample storage, while the rear bedroom enjoys pleasant open outlooks across the surrounding countryside. A newly installed three-piece bathroom, fitted in 2025, provides a peaceful retreat, while a handy utility cupboard on the landing provides plumbing for a washing machine alongside additional storage space.

Accessed from the Kitchen, the Lower Ground Floor reveals a beautifully light and versatile Sitting Room, centred around a charming log-burning stove. Retaining plenty of character, the room features original stone flooring and exposed brickwork, with access leading directly to the rear of the property. Two additional storage rooms can also be found on this level, one of which houses the gas central heating boiler, newly installed in 2025.

Combining characterful interiors, useful additional living space and gardens offering plenty of scope, this delightful cottage is a home with plenty to offer, both now and for the future.
