Description

Entering the property, you find yourself in a spacious hallway with stairs rising to the first floor and doors into the living room and into a ground floor cloakroom. The living room is a bright and spacious room with a window to the rear and a door giving access into the garden. From the lounge you have access into the kitchen / diner, where there is further access into the garden via a side door. White wall and base units are fitted with contrasting work surface over and glass fronted display cabinet. There is an integrated oven and hob with extractor above, and ample space for additional freestanding appliances.

Rising to the first floor, a spacious landing has doors to all rooms, four bedrooms and a bathroom, and has two useful built-in cupboards providing plenty of storage. Viewers will note that the two bedrooms at the front of the property have been opened up to create a bedroom and a separate dressing room with access between the two. Both rooms still have their own doorway from the landing and could therefore be quite easily turned back into two separate bedrooms by adding back in the partitioning wall. The modern family bathroom is fully tiled and comprises of a panelled bath with shower over, w.c. and wash hand basin.

At the rear of the property you will find an easy to maintain garden which commences with a block paved patio leading into a brick edged lawn with flower borders planted with a selection of mature shrubs. There is side pedestrian access through to the front of the property where a good-sized, block paved driveway provides parking for several vehicles, in addition to an integral garage.
