Positioned centrally within the Buckinghamshire village of Newton Longville and is believed to date back to the mid 1800's where it was once a popular cobblers shop, comes the delightful 'Cobblers Cottage' which is a quaint and charming character home along Church Road.

The property comes set over two floors with good sized rooms throughout. The ground floor has two spacious rooms, the first being the living room which has an open fireplace making it the perfect cosy lounge area. The second room is a kitchen/breakfast area which is fully fitted with a range of shaker style units to wall and base levels with solid wood worksurfaces, an inset butler style sink and a selection of integrated appliances. A stable door allows access from outside to this room as well.

Stairs rise up to the first floor landing with doors that lead into a fantastic double aspect master bedroom with views over the village and in particular facing out onto St Faiths Church. There is also a second room which could be used as a small guest bedroom or for use as a home office set up. Then lastly there is a family bathroom with a three piece suite.
