On a bus route and set off the main road, this is a great place to live - there are primary schools in the locality and some local shops for necessities. HALL

The Upvc entrance door leads into a small lobby before entering the main hallway for the house. On the left is a large storage cupboard housing the boiler (providing hot water) and consumer unit. Wood effect laminate flooring leads into the property and continues into the living room. Carpeted stairs leading to the first floor.

LIVING ROOM

The lounge/dining room leads from the front of the property to the rear with picture window to the front and a upvc door to the garden with large glazed unit to the side of this, making the lounge a really bright room. Laminate flooring throughout.

KITCHEN

Situated at the rear of the property, the kitchen has a door leading in to the garden with a large window to the side. White wall and floor cabinets line the walls either side, a convenient serving hatch goes through to the dining area. The grey roll-top worksurfaces contrast with the white units and there is a built in one and a half bowl ceramic sink, space for a freestanding cooker, under counter fridge and washing machine. Tiled floor and localised tiling.
