PROPERTY DESCRIPTION

This two/three bedroom property appears to be in a good state of repair, but would benefit from some updating. It is in a residential area which is close to A2 for commuters and benefits from many local facilities. The conservatory to the rear affords additional living space and the garage means parking won't be an issue. One bedroom is on the ground floor and two on the first floor.

With some careful thought and imagination, the property not only offers offers scope for improvement but also with some re-configuration to make use of the available space.

Available for sale with immediate vacant possession meaning on onward chain complications, we highly recommend viewing.
