The Property

This charming former Gighouse is Grade II Listed and dates from c1830. It is of coursed, squared limestone construction with an ashlar plinth. There are many period features including a number of fireplaces, exposed timbers and original floorboards on the upper floors. It has been improved and well maintained by the current owners, with the external joinery having just been repainted. The large garage is perhaps best suited for a classic car, or presumably could be incorporated into the living accommodation, subject to obtaining the necessary Listed building consent. The walled courtyard is a delightful feature and is very secluded.

The Accommodation

The wooden front door leads into a timber framed lobby with stylish coat hooks and shelving beneath for shoes. An opening leads into the dining area, with an open fireplace fitted with a log burning stove. A large sash window to the front has shutters and a window seat. There is terracotta flooring and a well with a glass and ornate metal screen. A step up leads to the sitting area with a second fireplace again with a log burner. and shelving in the recess to the side. There is oak flooring and a side window has shutters. A door leads off to the kitchen which has a range of units including a Rangemaster dual-fuel cooker, an integrated fridge, freezer and dishwasher. There is a butlers sink and a water softener. A Conservation rooflight and side windows provide excellent natural light. There is a door to the courtyard and steps down to the utility area with a double under-mounted sink and space for the washing machine. A door leads to a useful pantry with shelving, and an attractive mosaic tiled floor. A sliding door off gives access to the garage. On the first floor the light and airy main bedroom is dual aspect with shutters and an understair cupboard. The family bathroom is in a period style, with a shower over the bath, WC and vanity basin, with a shelved linen cupboard to the right. Bedroom 4 at the rear has a Victorian grate, some lovely

wall shelving and is currently used as a home office. Both the bedrooms on the second floor have built-in wardrobes and vaulted ceilings with exposed timbers. The one at the rear is dual aspect and has a well appointed en suite shower, while the one at the front has a view towards the Abbey.

Approached from the kitchen is a charming walled courtyard garden. It is very private, paved and has a side gate onto Holloway.
