The Property

This detached property, which dates back to the early 1800s and was later extended by the current owners, has been in the same ownership since 1980. Offering spacious accommodation and significant potential, the house would now benefit from updating throughout and sits within grounds of approximately 2 acres, including three paddocks and generous, well established gardens. A large detached double garage is complemented by a range of outbuildings, including stables, a workshop, and former pigsties - all offering scope for conversion to ancillary accommodation, home office, or studio space (subject to planning permission). The grounds also include an orchard with numerous mature fruit trees, and a separate vegetable garden with raised beds. An ideal opportunity for those looking to update a character property with land and versatile outbuildings.
