The Little Paddock , Malmesbury

The Property

This exceptional property combines the charm and character of a traditional 1930s home with the space, flexibility and quality expected of a modern family residence. Substantially extended and comprehensively improved by the current owners, the house has been finished with meticulous attention to detail and high-quality fittings throughout. At the heart of the home is a superb kitchen, complemented by a delightful garden room, while the accommodation provides generous and versatile living space, including a luxurious principal bedroom suite. With five reception rooms and four double bedrooms, there is an abundance of room for family life, entertaining, working from home and simply enjoying the wonderful surroundings. A particularly impressive feature is the substantial self-contained annexe. Extending to approximately 1,079 sq ft and created from the former triple garage, it provides versatile additional accommodation, with hobbies and games rooms and storage on the ground floor and a large bedroom with en-suite shower room above. The original garage doors have been retained externally, offering the flexibility to reinstate the ground floor as garaging if ever required. The property is currently operated as a thriving holiday rental business, offering excellent potential for continued income or multi generational living.

Outside

Approached through an electric entrance gate, the property opens onto a generous gravelled parking and turning area, providing excellent space for multiple vehicles. The beautifully established gardens extend around the house, with gated access to both sides. To the rear is a deep terrace framed by dwarf stone walls and a raised well, creating an inviting space for outdoor dining and entertaining before opening onto the lawn and gardens beyond. The west-facing garden is a particular highlight, capturing the afternoon and evening sun. An impressive gazebo, complete with

chimney, power and water, provides a wonderful additional entertaining space — perfect for summer gatherings, relaxed evenings and enjoying the tranquillity of the garden. Beyond the formal garden lies a small adjoining paddock, adding an extra dimension to the property and making the overall grounds particularly versatile. The paddock also includes a greenhouse and outbuilding, currently requiring refurbishment. In all, the property extends to approximately 1.56 acres.

Whether you're looking for a substantial family home, space for extended family or guests, a dedicated work-from-home environment, hobbies and recreation space, or simply a property where you can enjoy an exceptional amount of land and privacy, this home offers an unusually versatile combination.

General
