An attractive brand-new three-bedroom semi-detached home in the desirable semi-rural village of Latchingdon, Essex. Finished to a high standard throughout, the property offers bright, contemporary accommodation with PV solar panels, an air source heat pump, double glazing, ground-floor underfloor heating, secure-by-design locks recognised as a deterrent to break-ins, a private rear garden and garage.

The ground floor comprises a welcoming entrance hall, cloakroom/WC, stylish fitted kitchen with integrated appliances and a spacious open-plan living/dining room with French doors to the garden and a useful under-stairs storage cupboard. To the first floor are three well-proportioned bedrooms, including a principal bedroom with fitted wardrobe space and an en-suite shower room, plus a modern family bathroom. Interiors are neutrally decorated with quality finishes, including contemporary bathrooms, oak-style internal doors and attractive herringbone-style flooring to the ground floor.

Externally, the home enjoys a neatly laid lawned rear garden with side access, outside tap, outside lighting and garage. The property forms part of a smart modern development and well-presented communal approach areas. Surrounded by open countryside, the development also features communal areas which, once established, will offer an abundance of flowers, bees and butterflies.

Latchingdon is a charming Essex countryside village, offering a peaceful setting while remaining within reach of nearby towns, amenities, schools and transport routes. With eco-friendly ASHP and PV panels, modern specification, developer incentives and low-maintenance design, this is an excellent choice for buyers seeking a newly built village home.
