

Gordon House Road, , London, NW5 1LL

£500,000

A tastefully designed one double bedroom apartment, close to the Parliament Hill entrance to Hampstead Heath. The property is well presented, with naturally bright rooms throughout. To the rear is a charming south west facing garden, ideal for hosting and al fresco dining in clement weather. A private entrance is an additional benefit, along with a front garden and excellent available storage. Located within the Haddo House Estate, Wheatley House was designed in 1963 by Robert Bailie, with the flat itself having recently been sympathetically redesigned by architects Loader Monteith.
